

LEIPZIGER JAZZTAGE AWARENESS

Concept

Awareness means establishing and maintaining an environment of respect, responsibility and solidarity. Through awareness-work, we learn together to respect everyone's boundaries and to oppose discrimination and violence.

Leipziger Jazztage is a festival for everyone. We therefore want to create spaces in which everyone can feel comfortable and personal boundaries are respected.

~~Discrimination~~

Jazzclub Leipzig e.V. does not tolerate any form of offensive language, discrimination, abuse, exclusion and harmful behaviour based on gender, ethnicity, religion, origin, skin colour, religious beliefs, sexuality, gender identity, socio-economic class, disability, age or any other form of discrimination.

Jazzclub Leipzig e.V. does not tolerate any acts of violence, abuse or harassment of a verbal, physical, sexual or other nature towards visitors, artists and employees.

Jazzclub Leipzig e.V. reserves the right to withdraw and deny access to the event without prior notice if the code of conduct is violated.

Support

If you feel uncomfortable or need help and/or support, please don't hesitate to contact our awareness team. **We are here to listen to you.** Your feelings and perceptions are completely valid. You alone decide where your boundaries lie, you don't have to justify yourself.

You will find the awareness team at the entrance and can recognise them by their colourful lanyards.

The awareness team can also be contacted by phone on +49 (0)341-980 63 81.

If you feel the need to talk afterwards, you can also contact us via email at **awareness@jazzclub-leipzig.de**. A further meeting can then be arranged on request.

The awareness team will only provide support if a person has asked for it or given their consent.
